

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

1 / 10

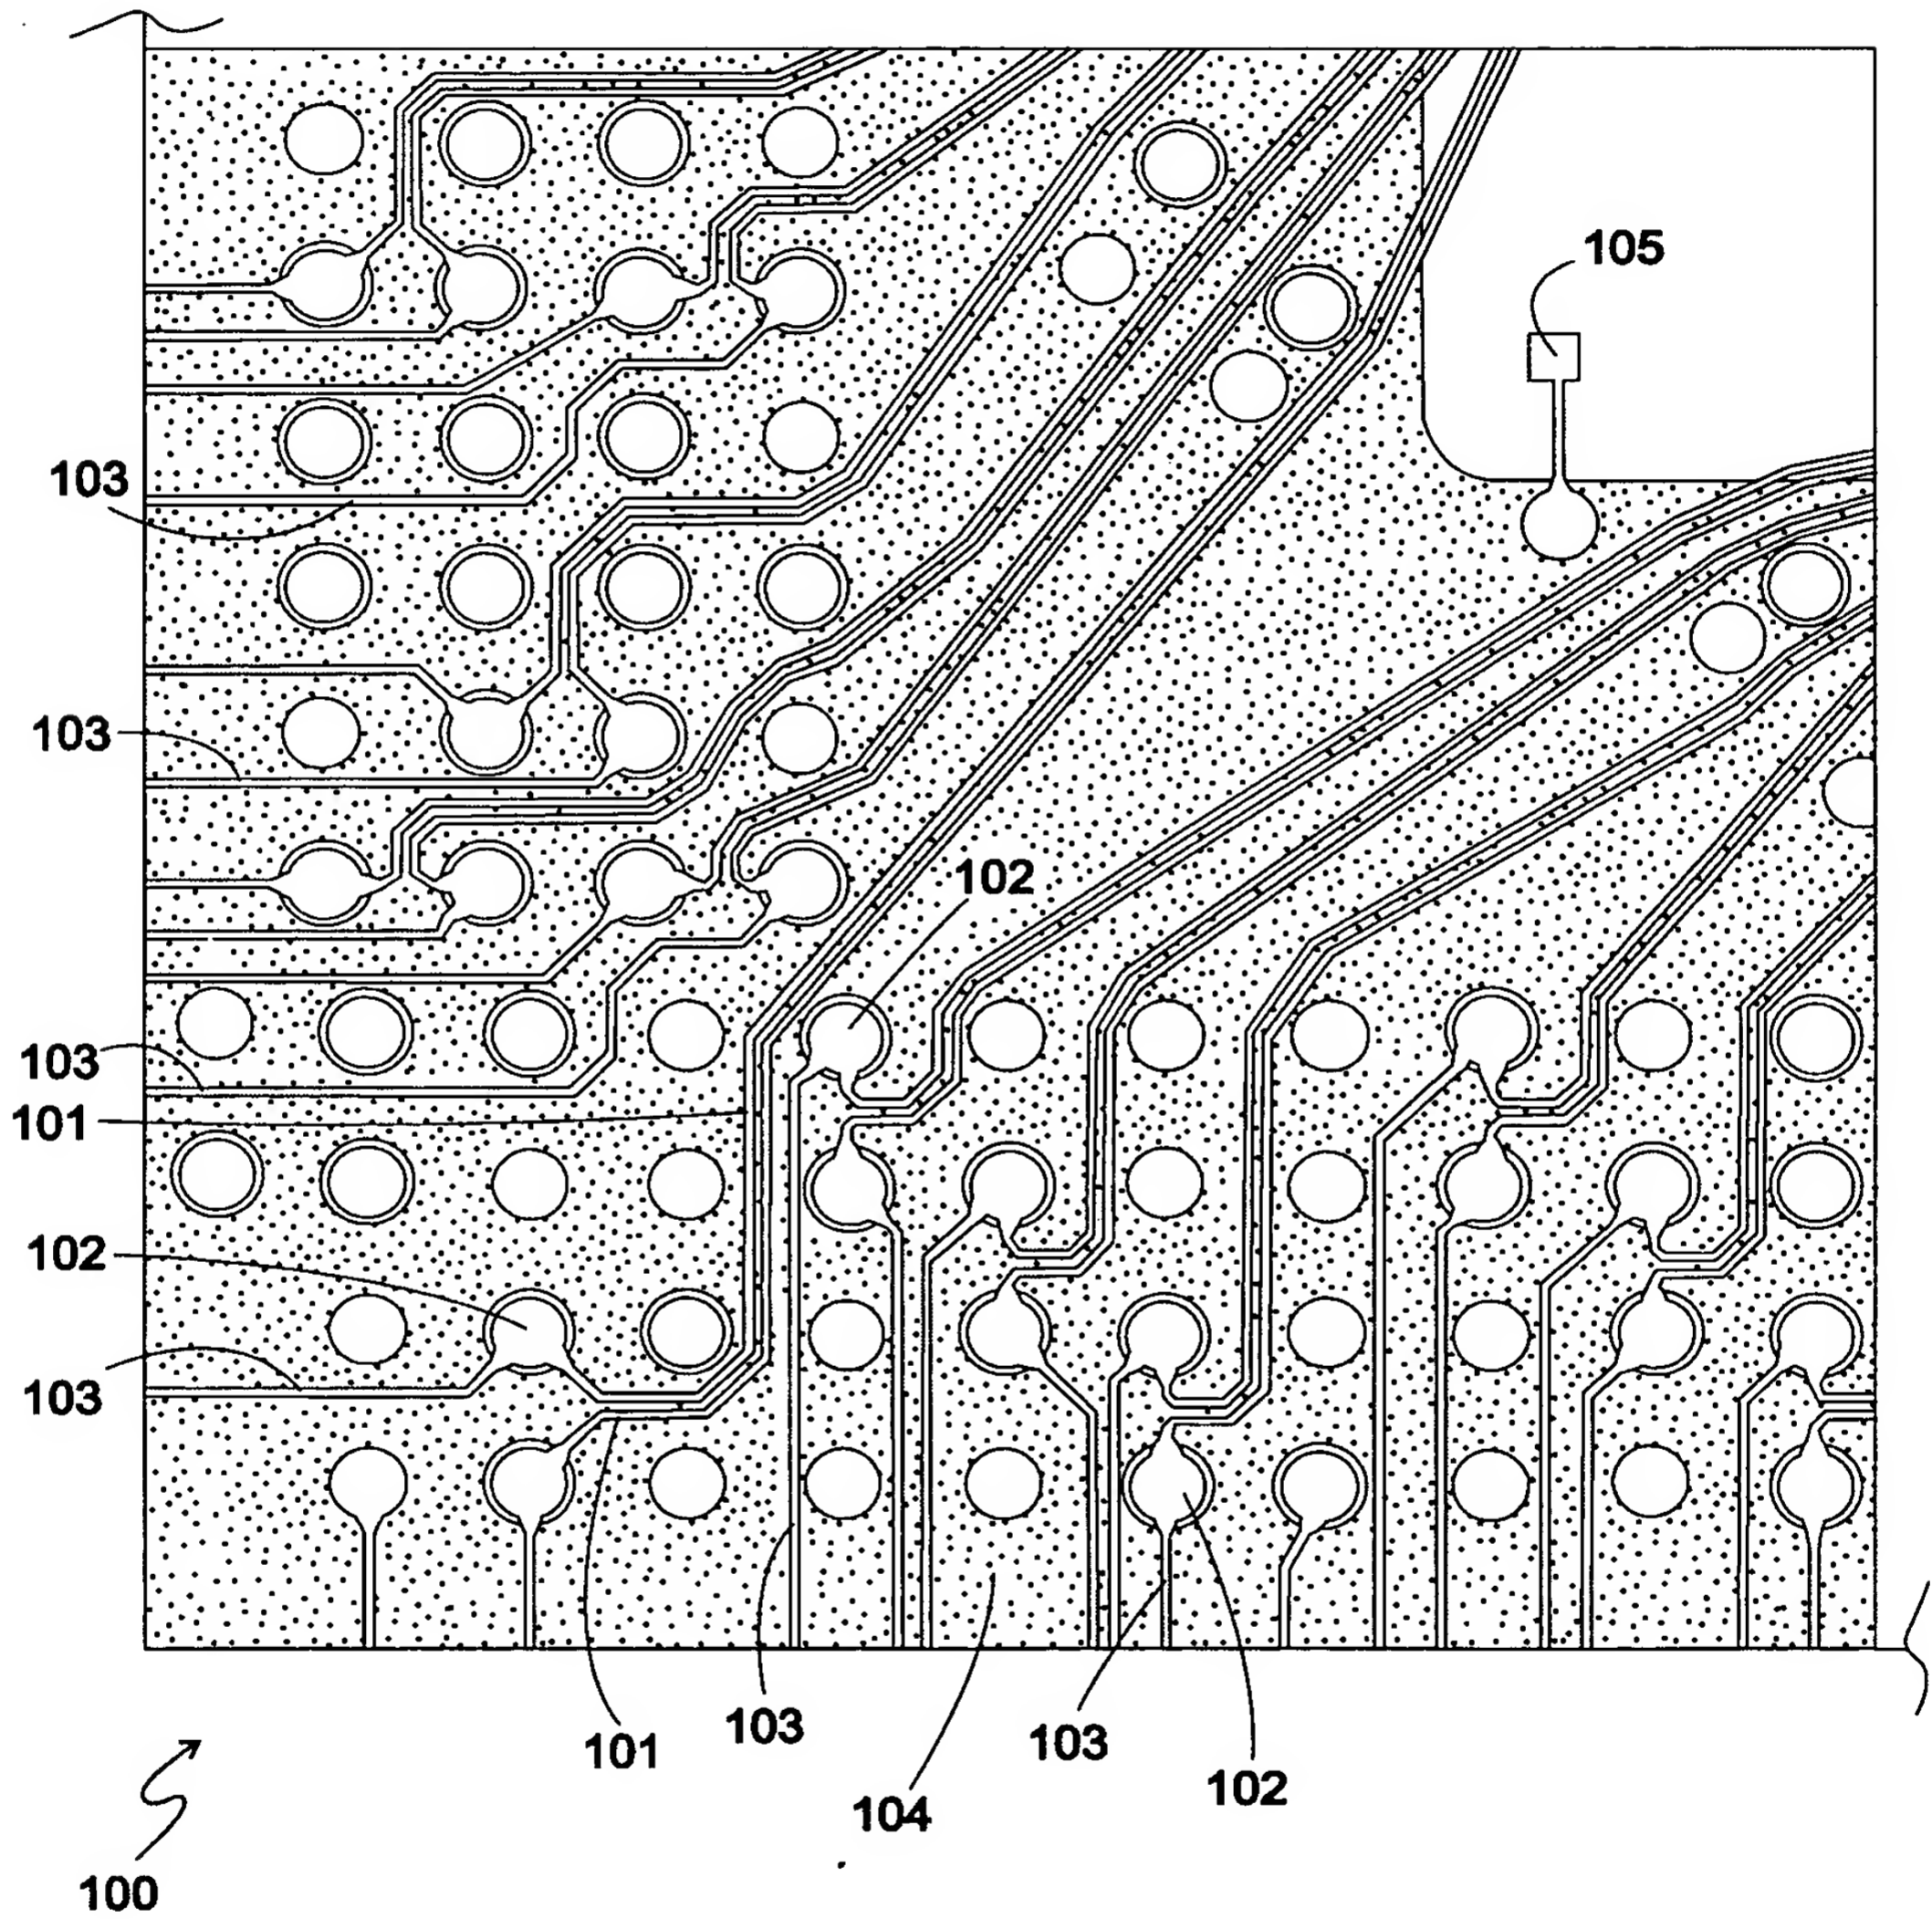

FIG. 1 Prior Art

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

2 / 10

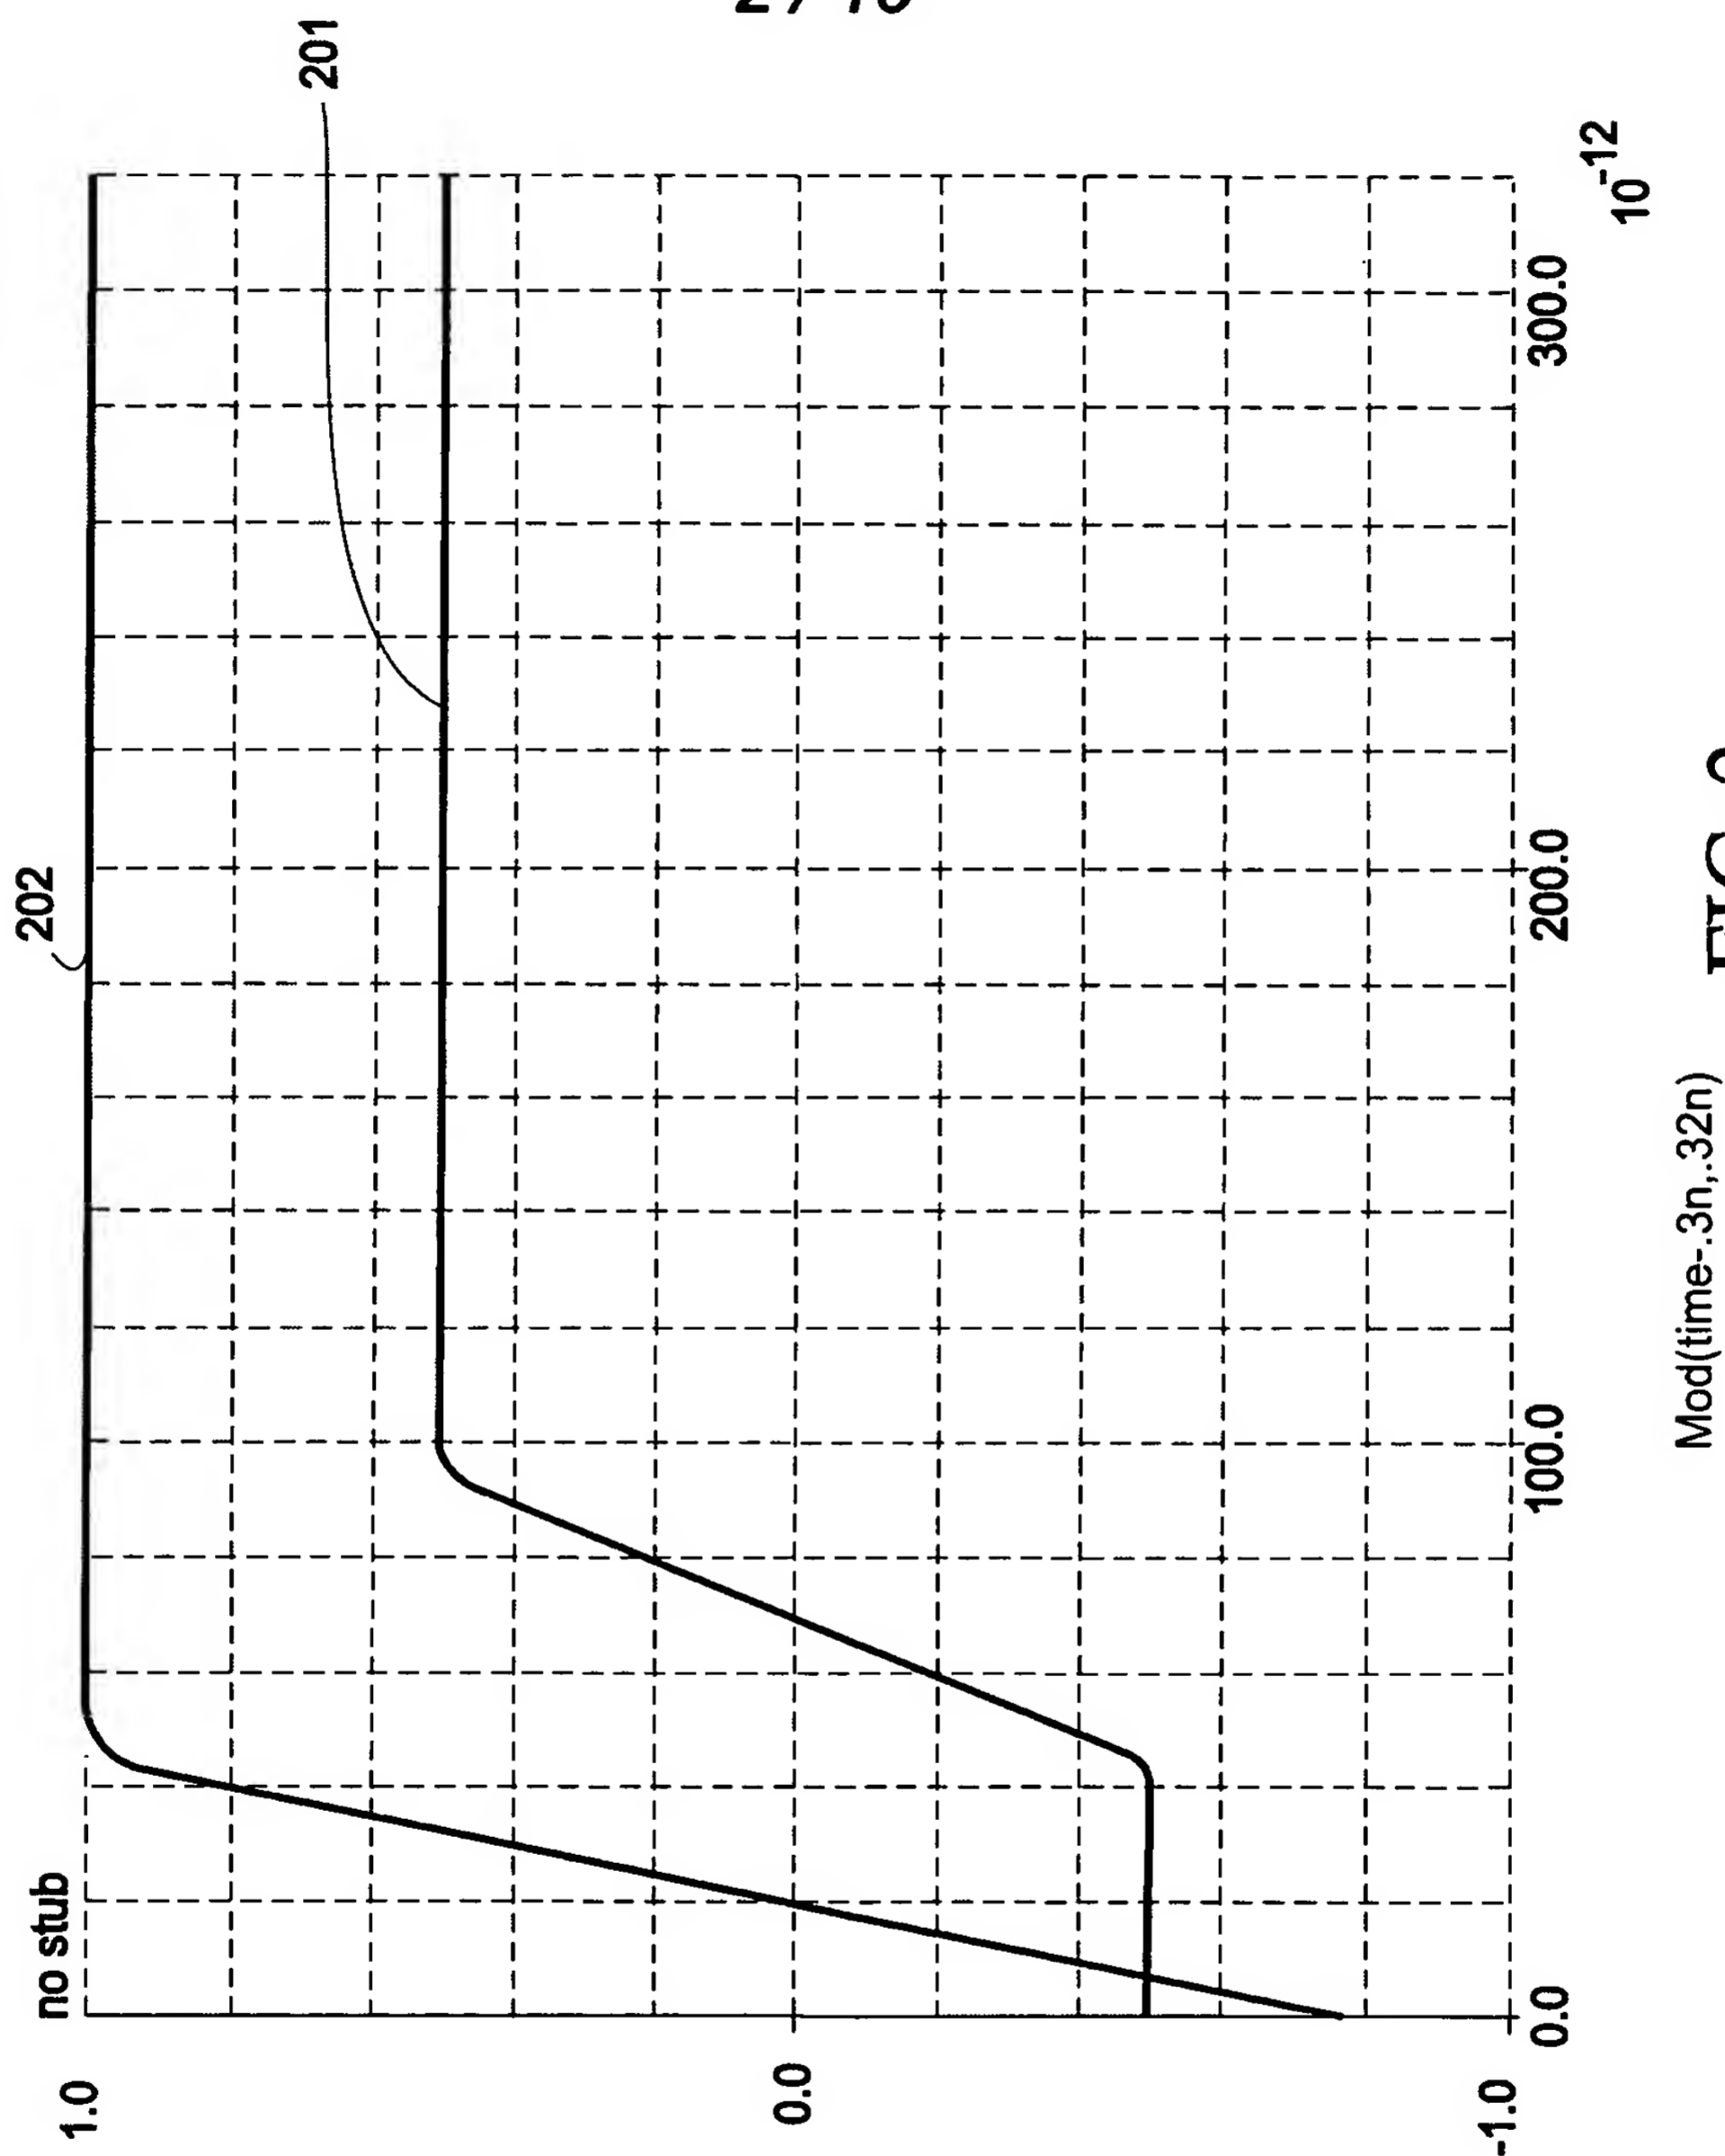

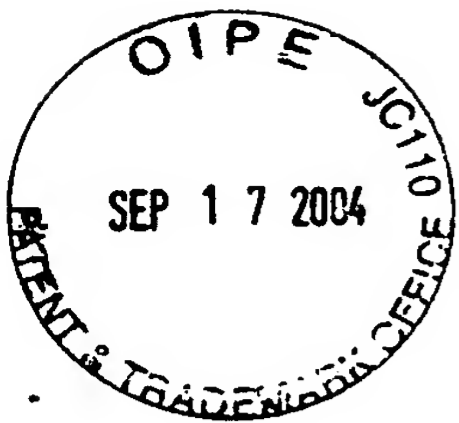

FIG. 2

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

3 / 10

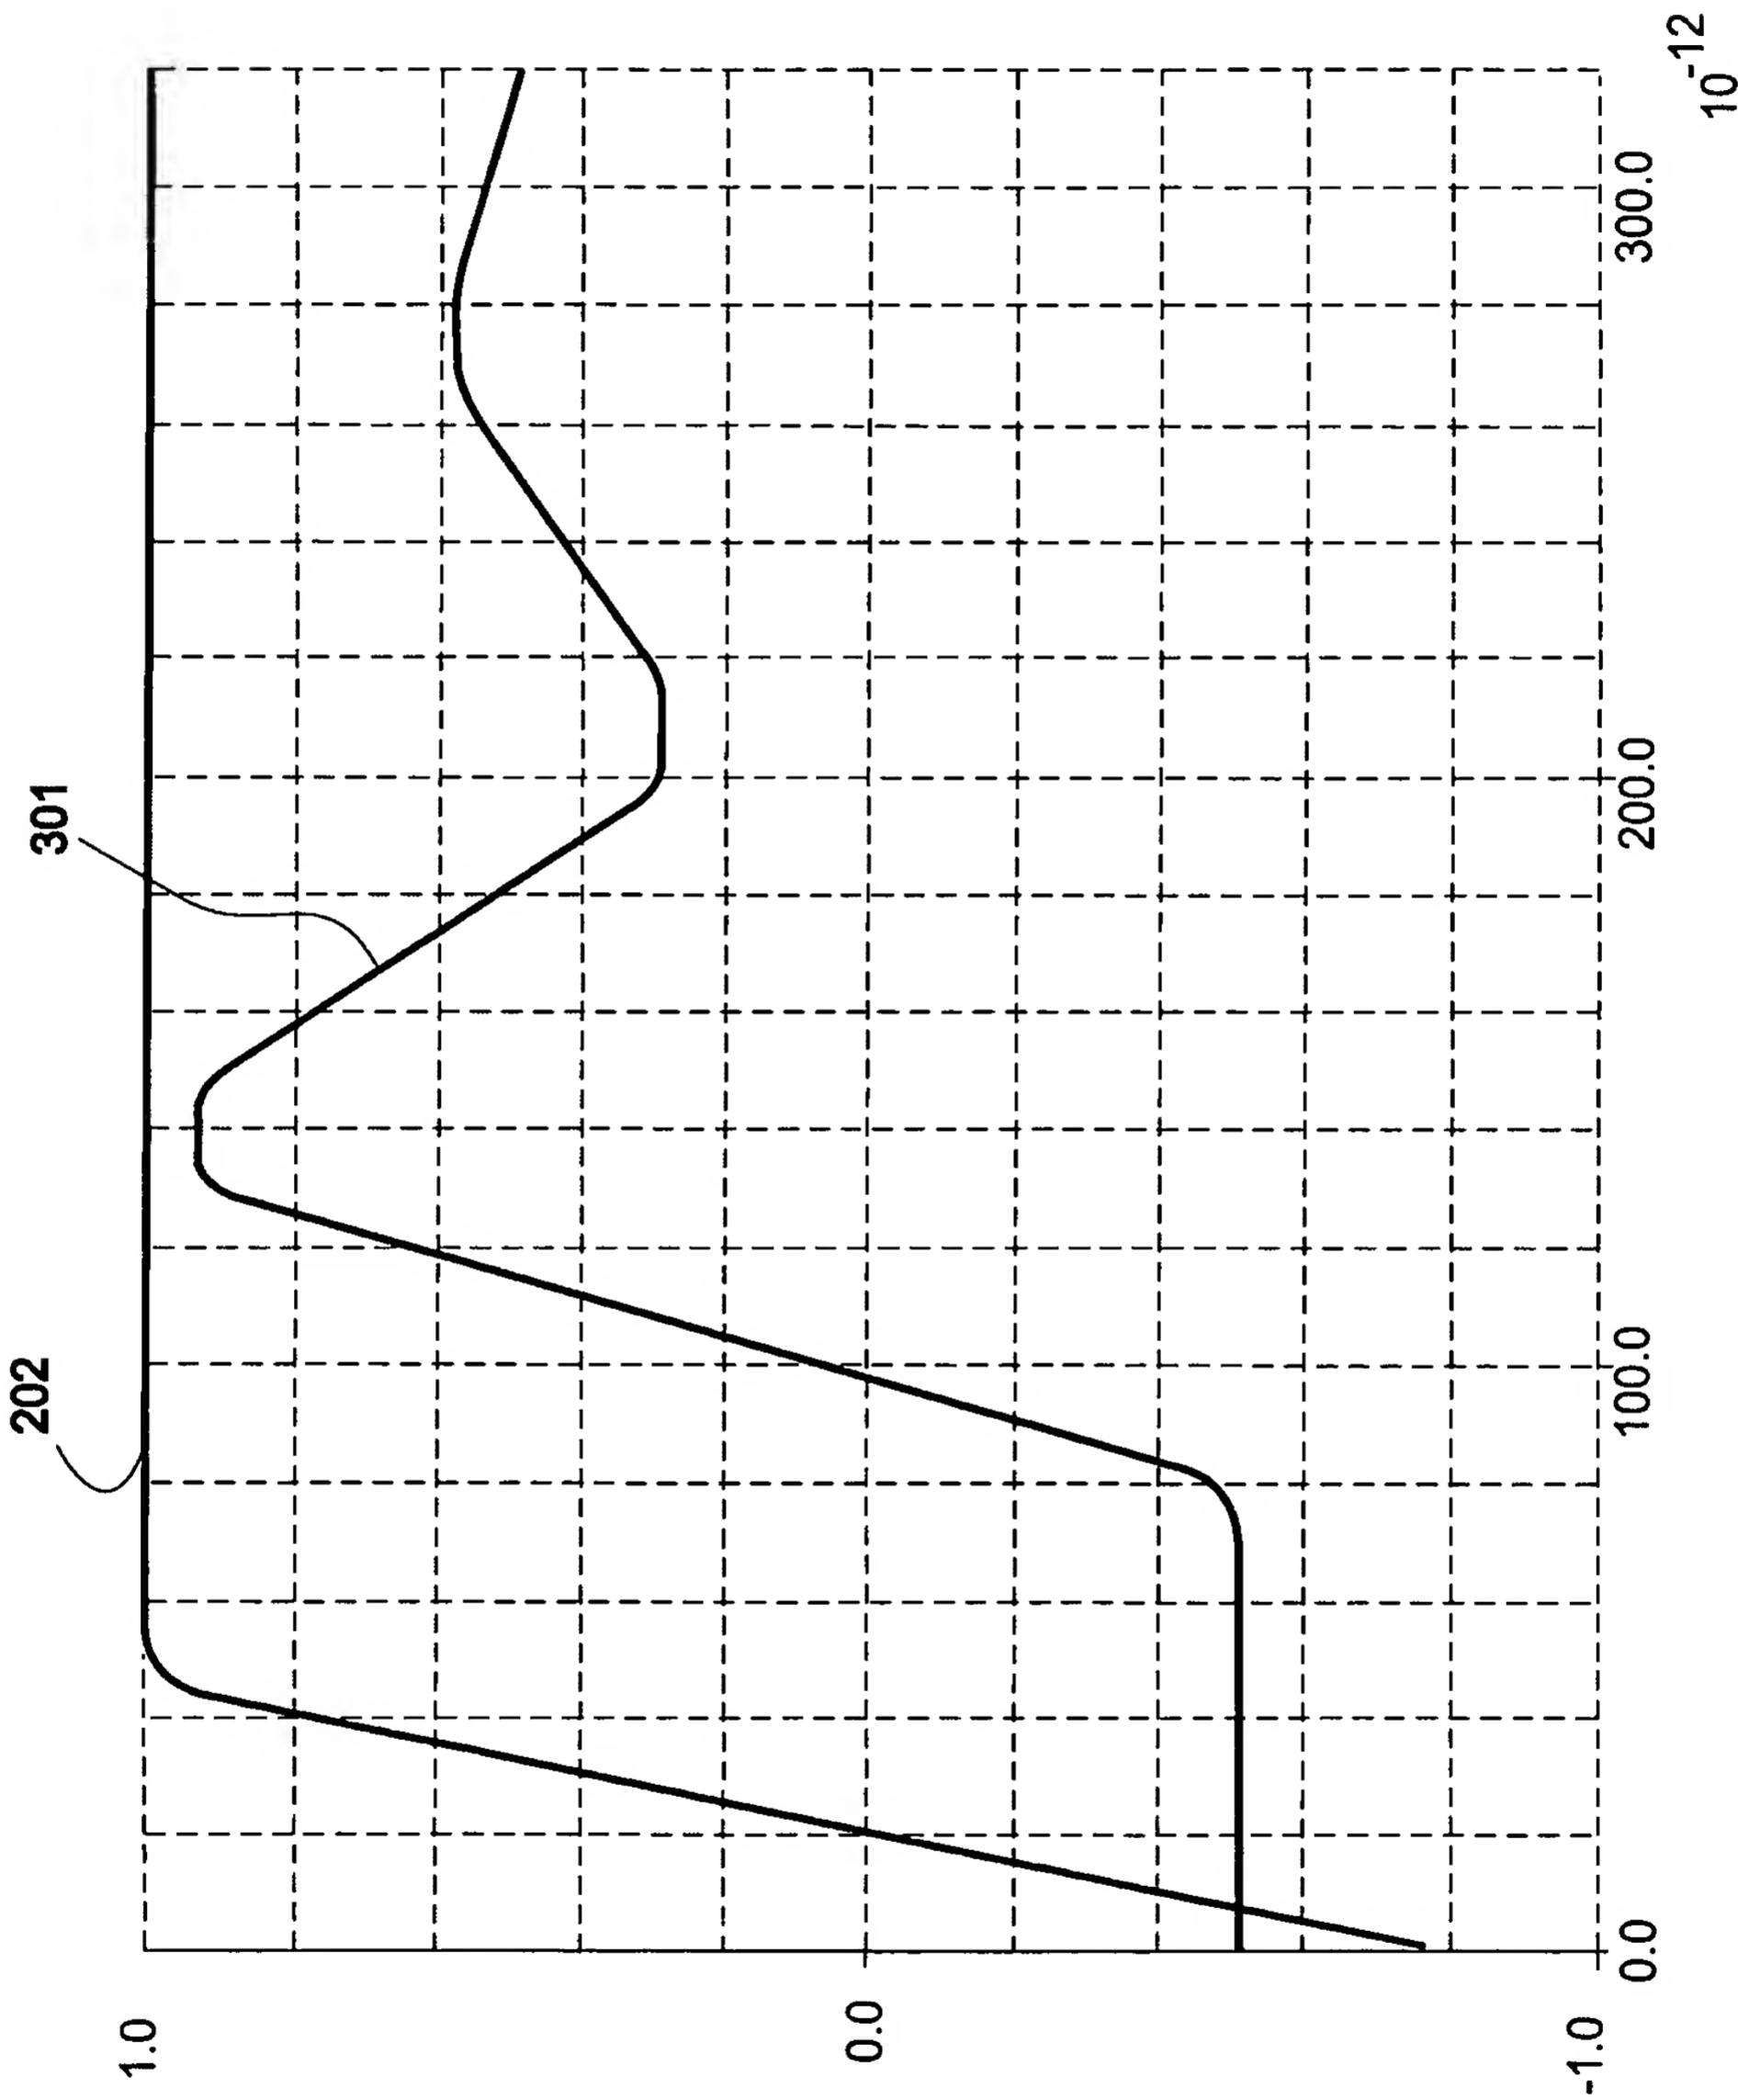

FIG. 3
 $\text{Mod}(\text{time}-.3n,.32n)$

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

5 / 10

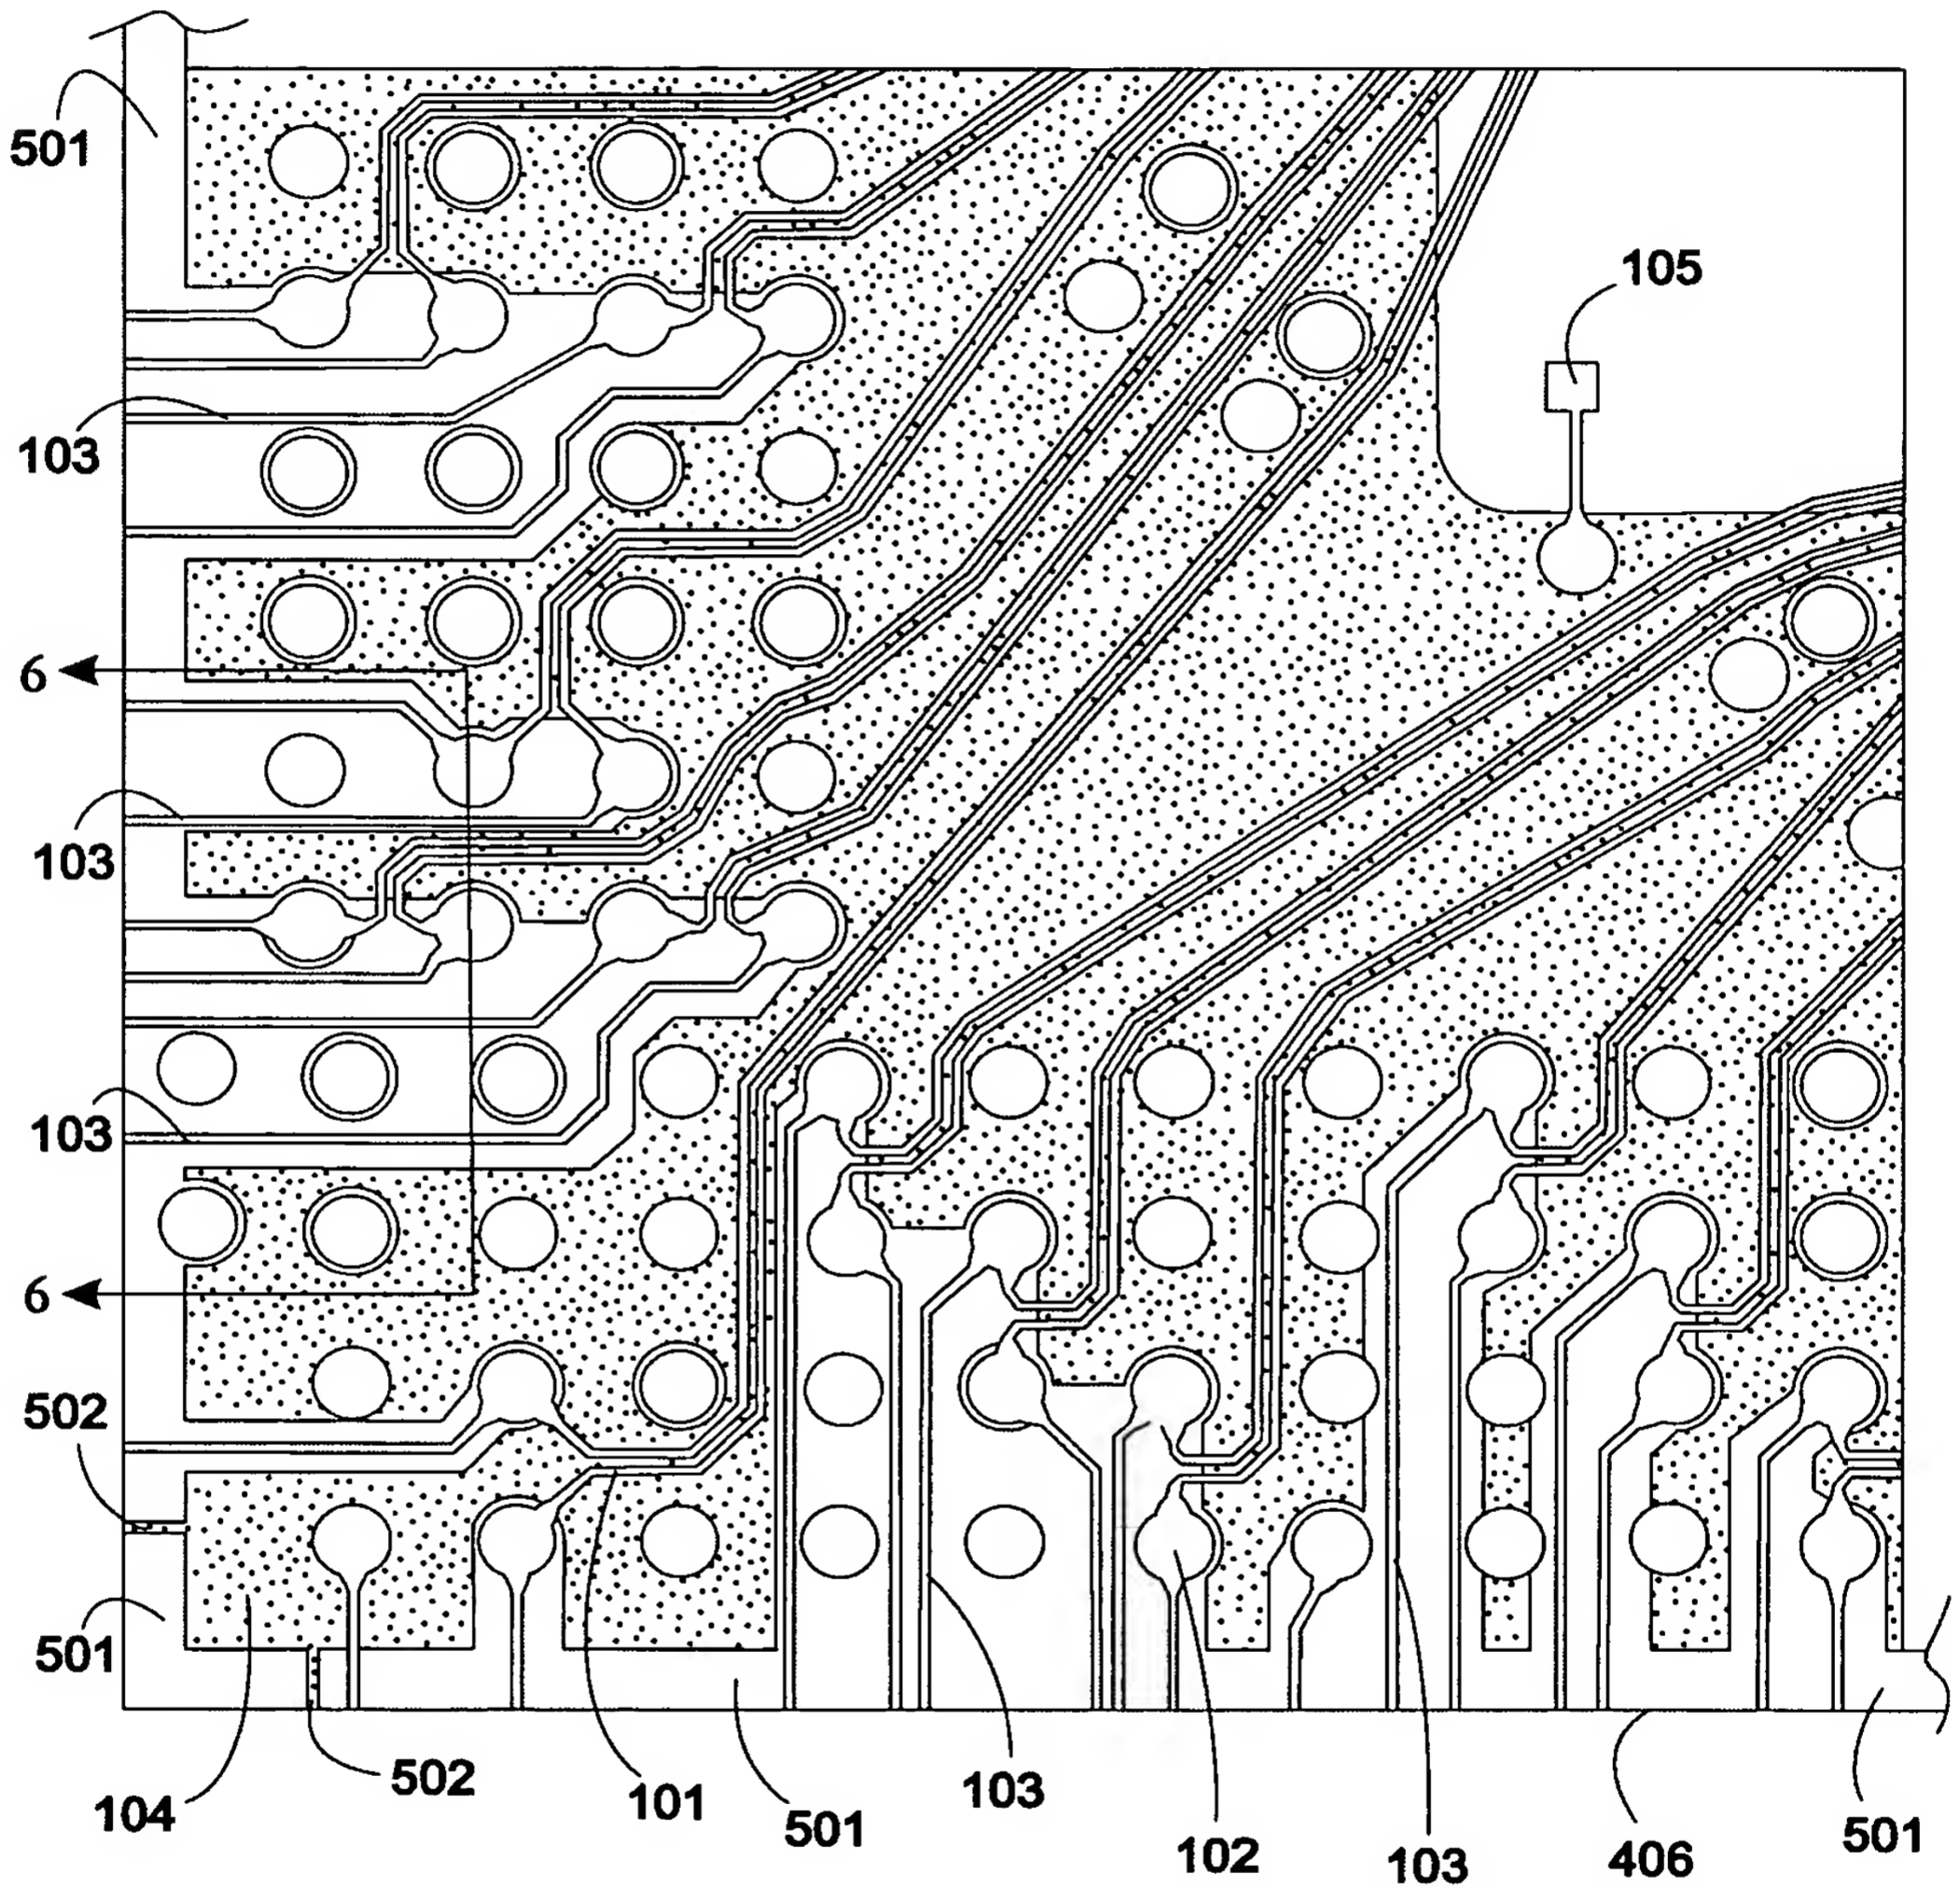

FIG. 5

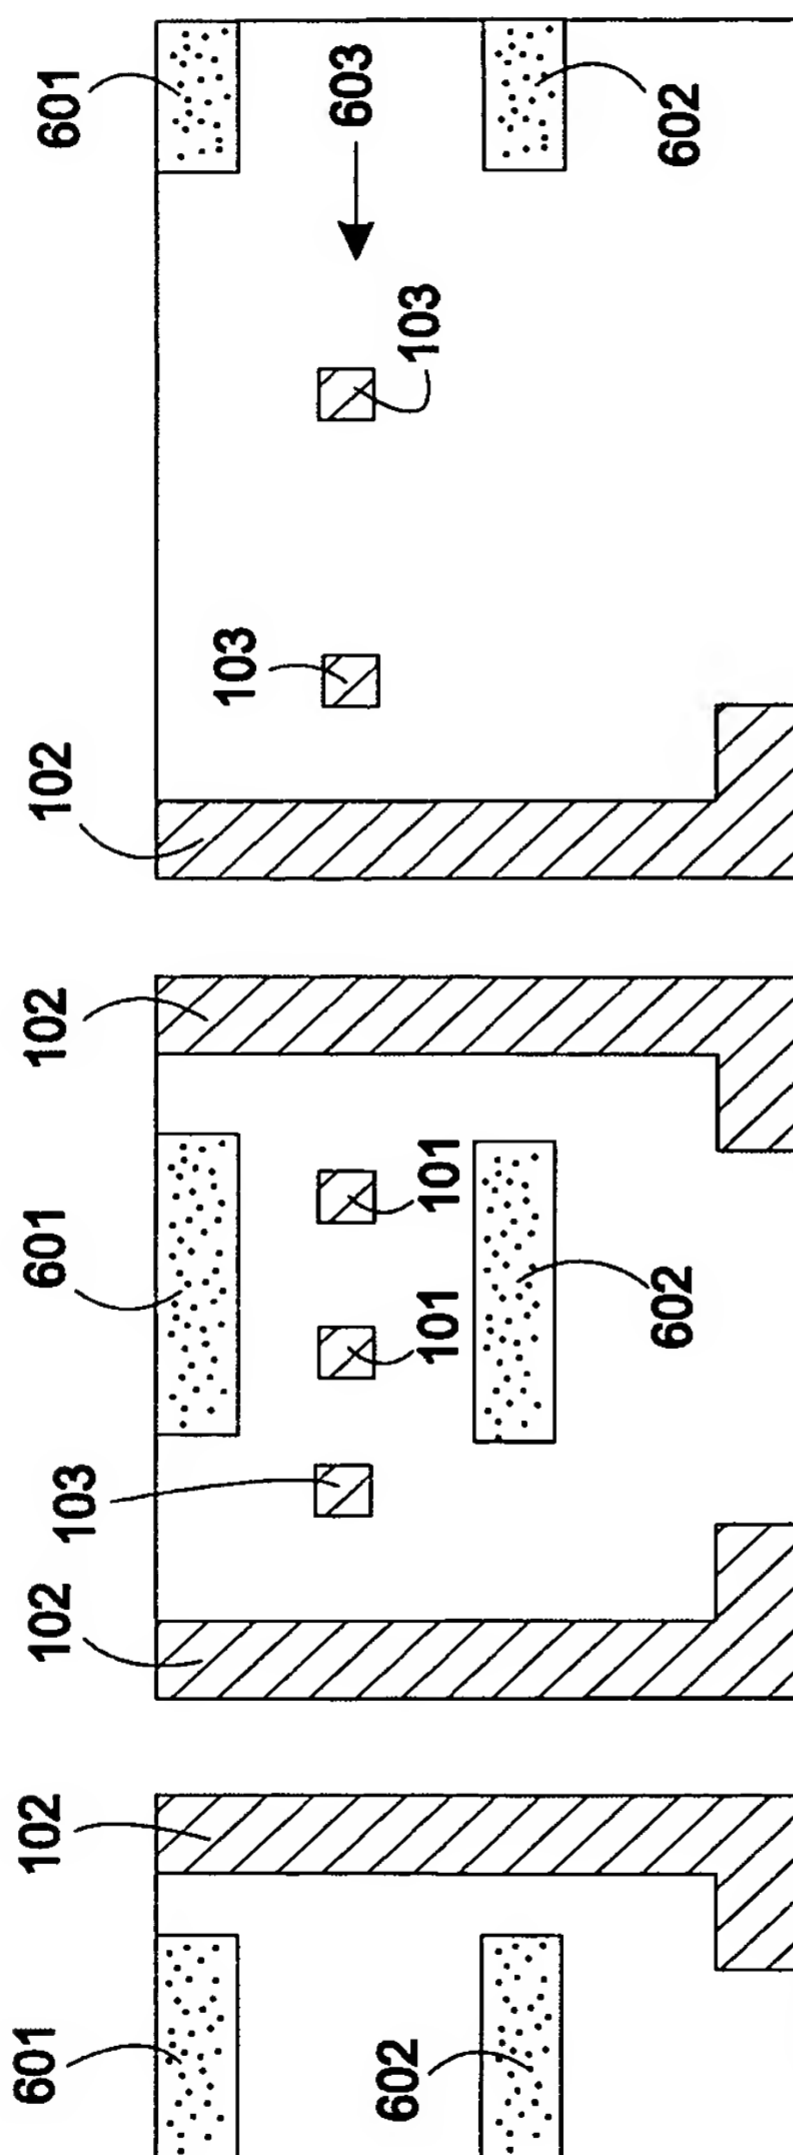

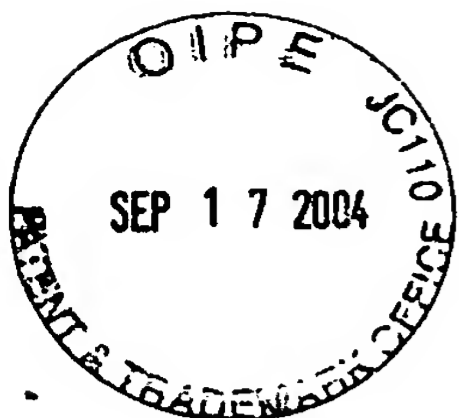

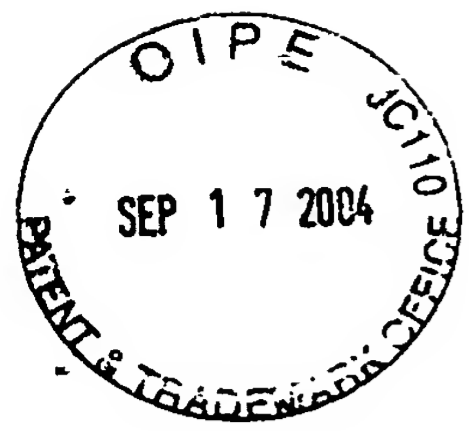

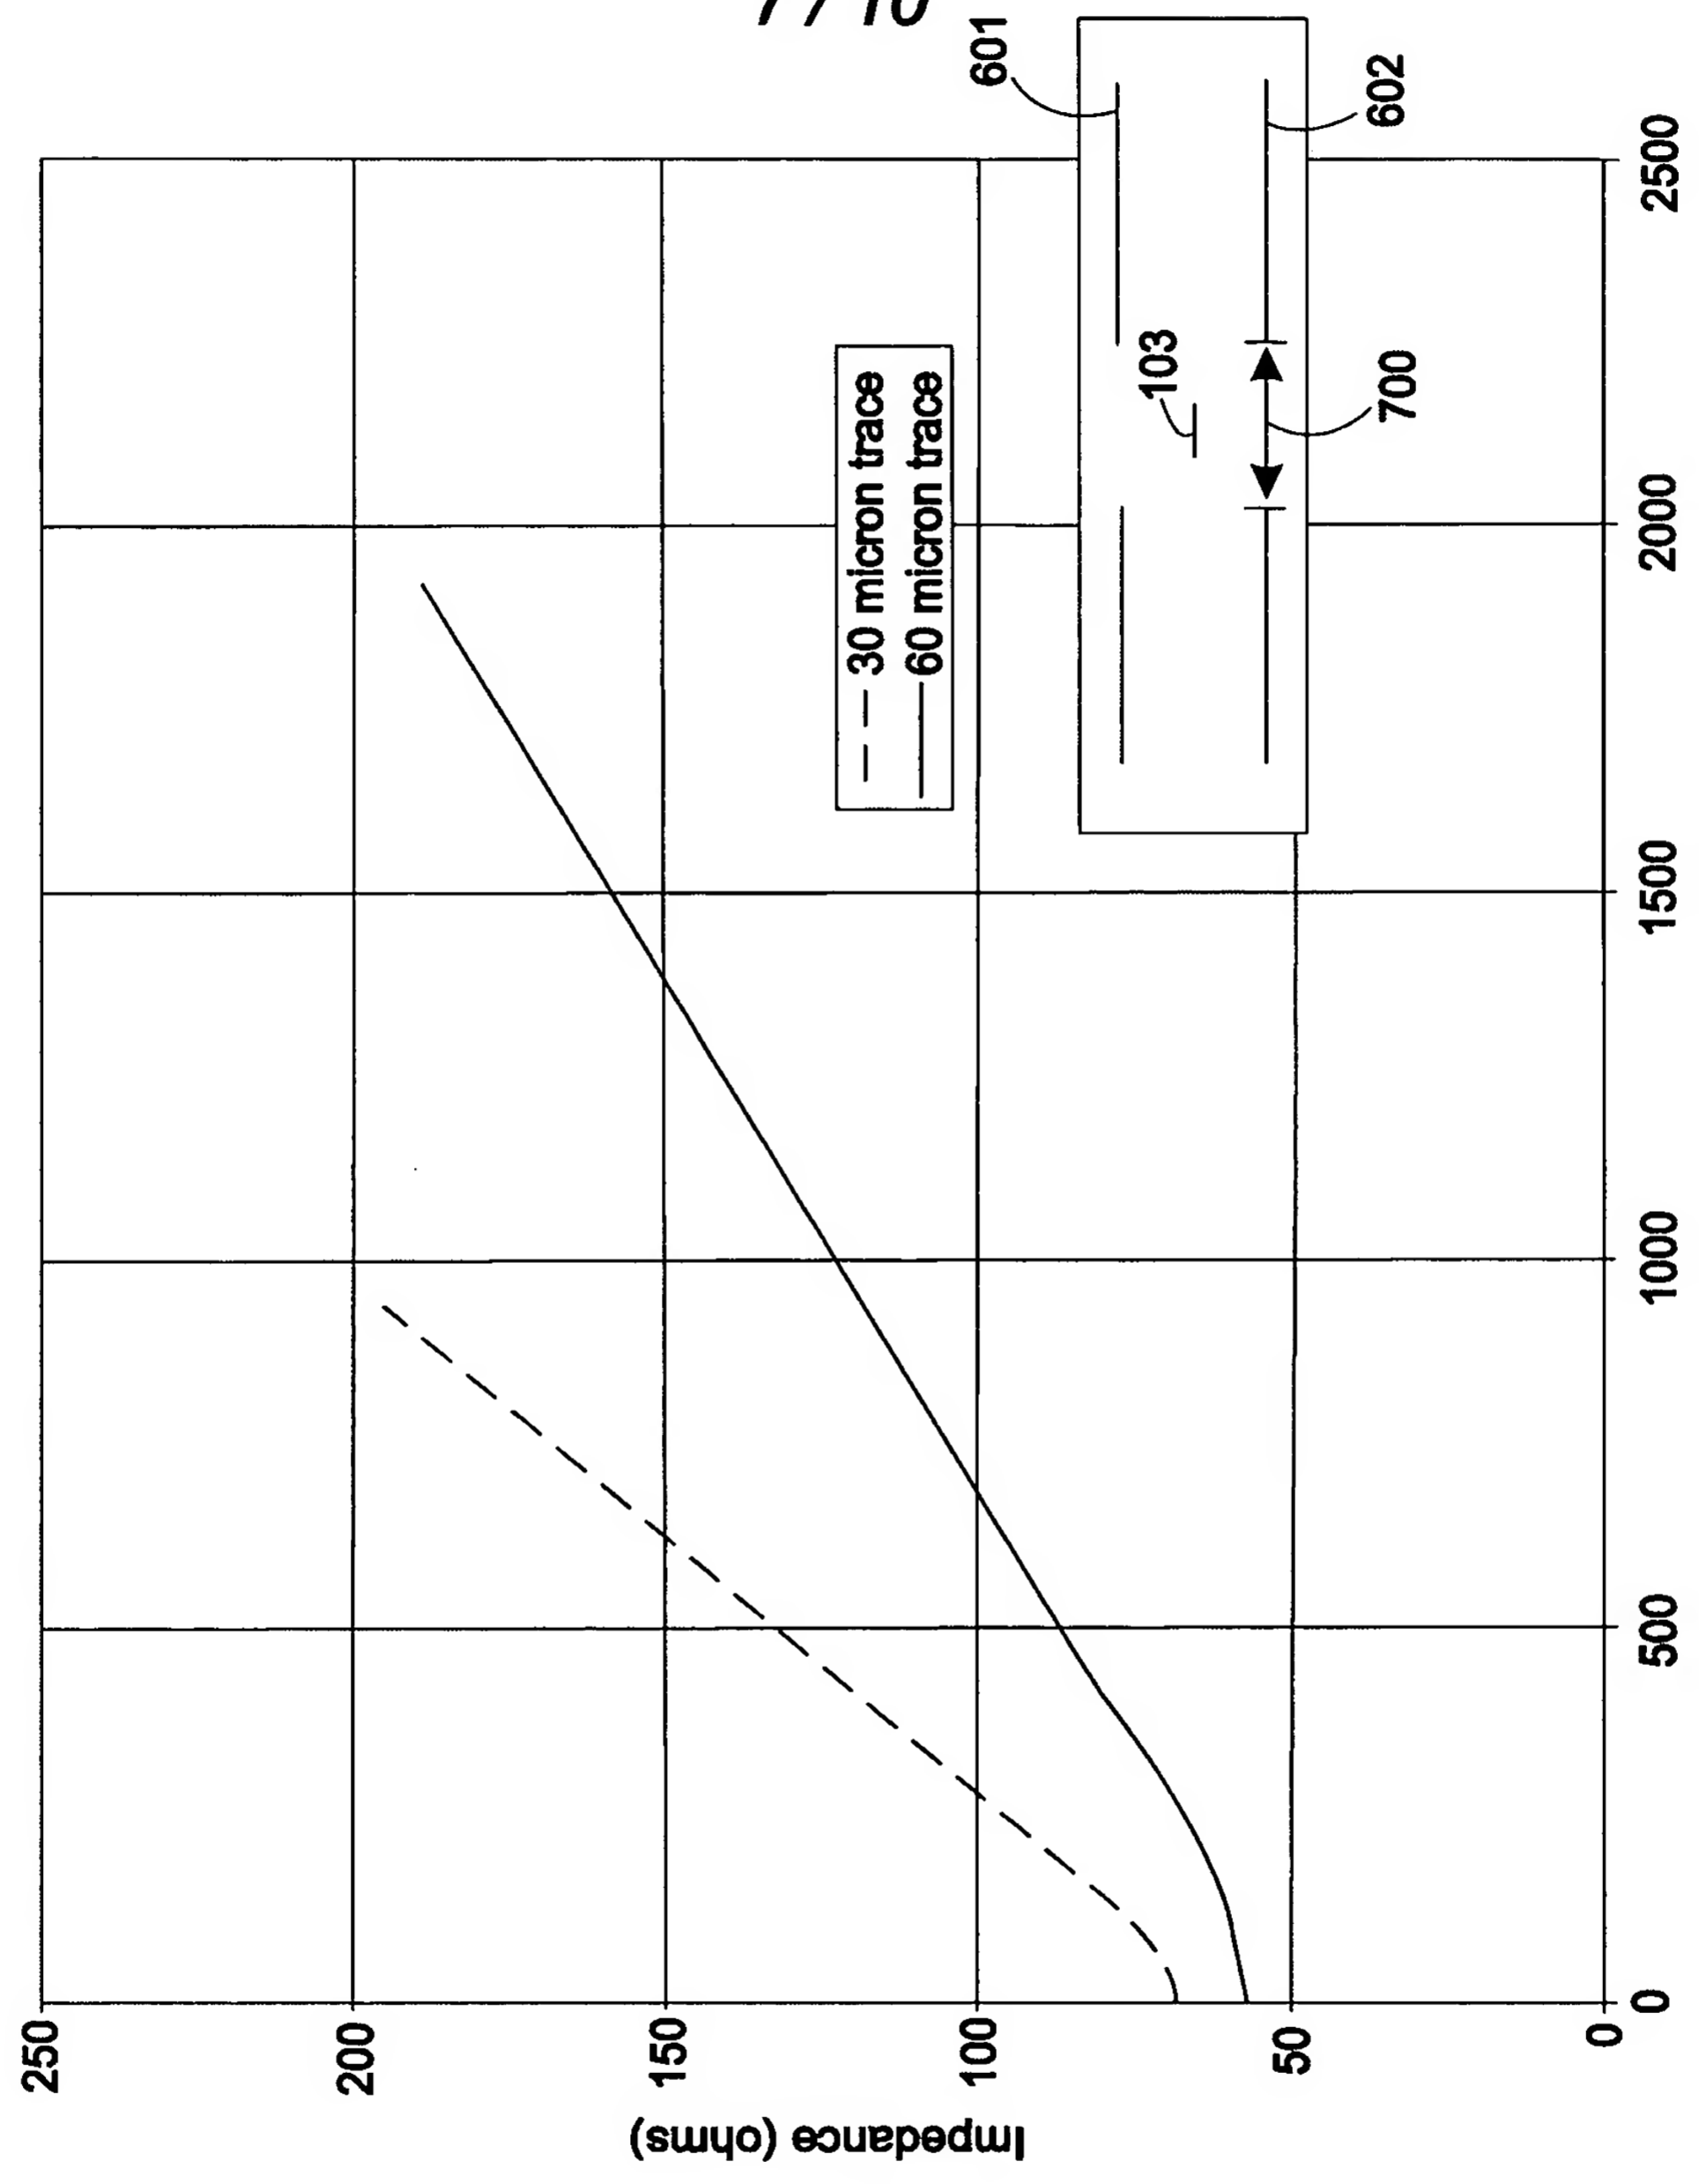

FIG. 6

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

7 / 10

Gap width above and below trace (microns)

FIG. 7

Replacement Sheet

8 / 10

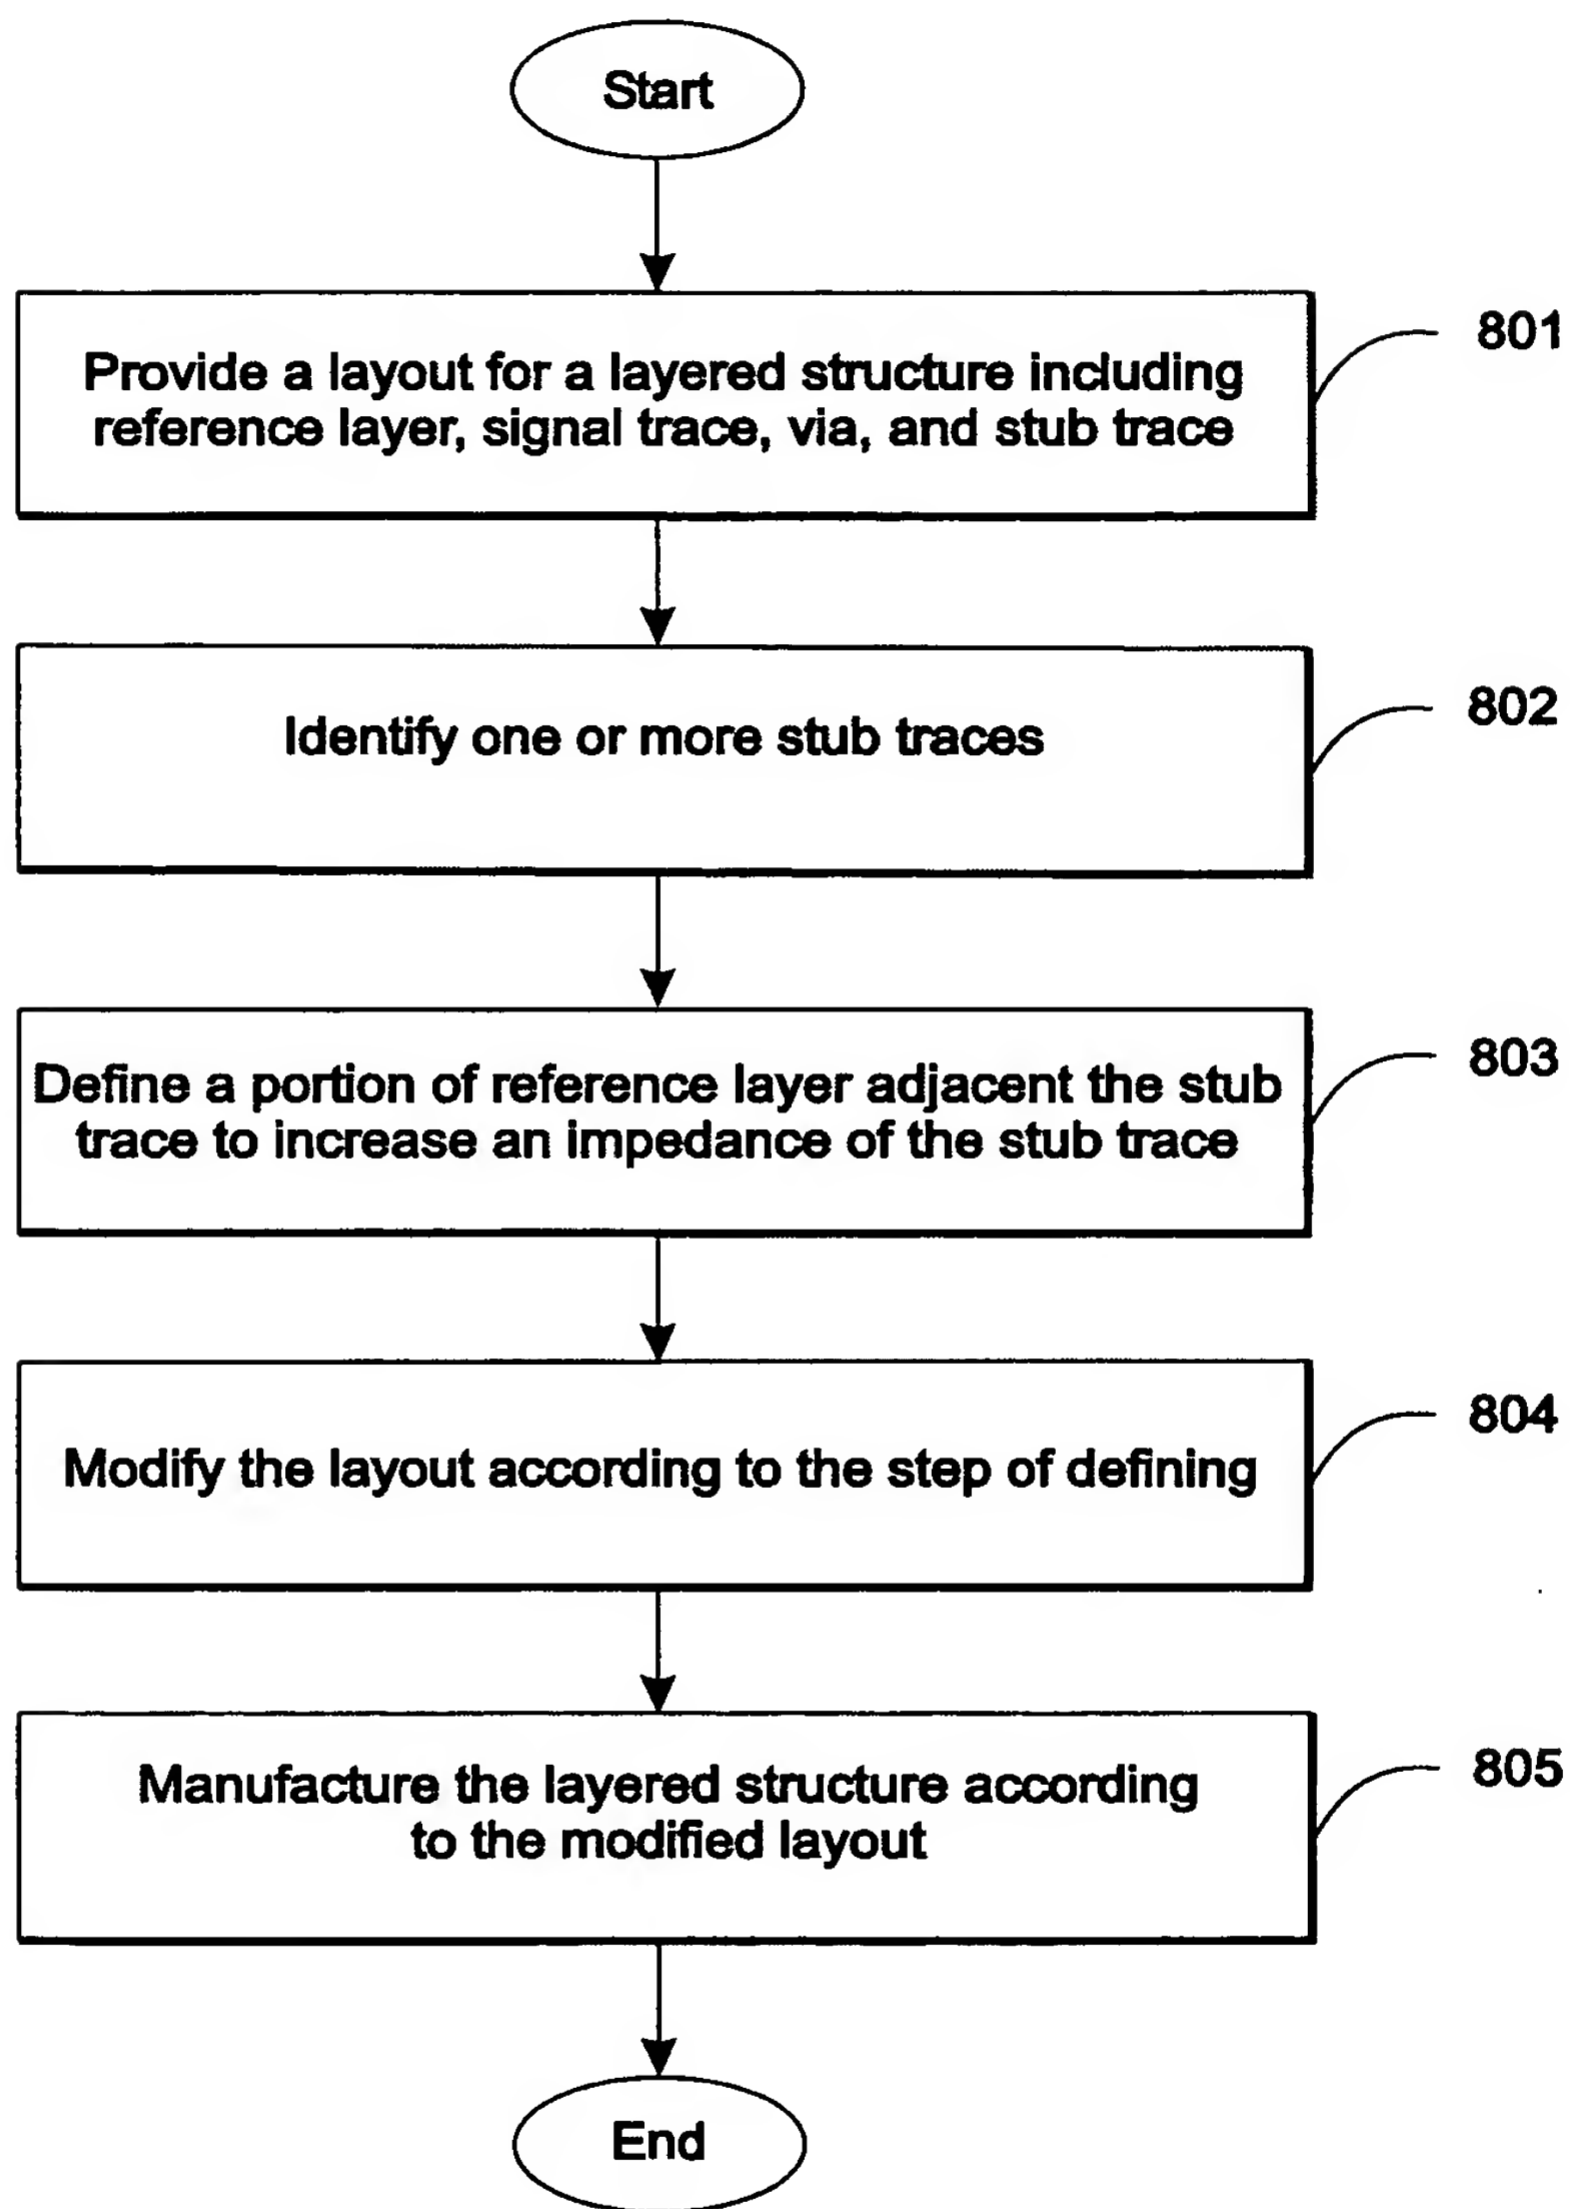

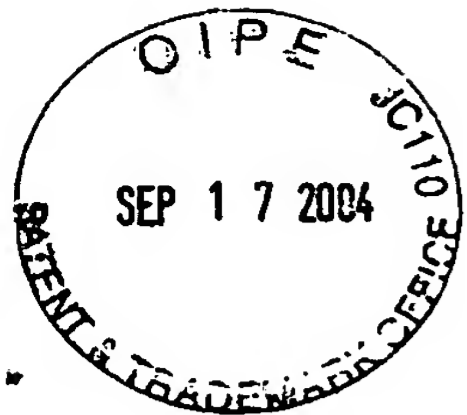

FIG. 8

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

9 / 10

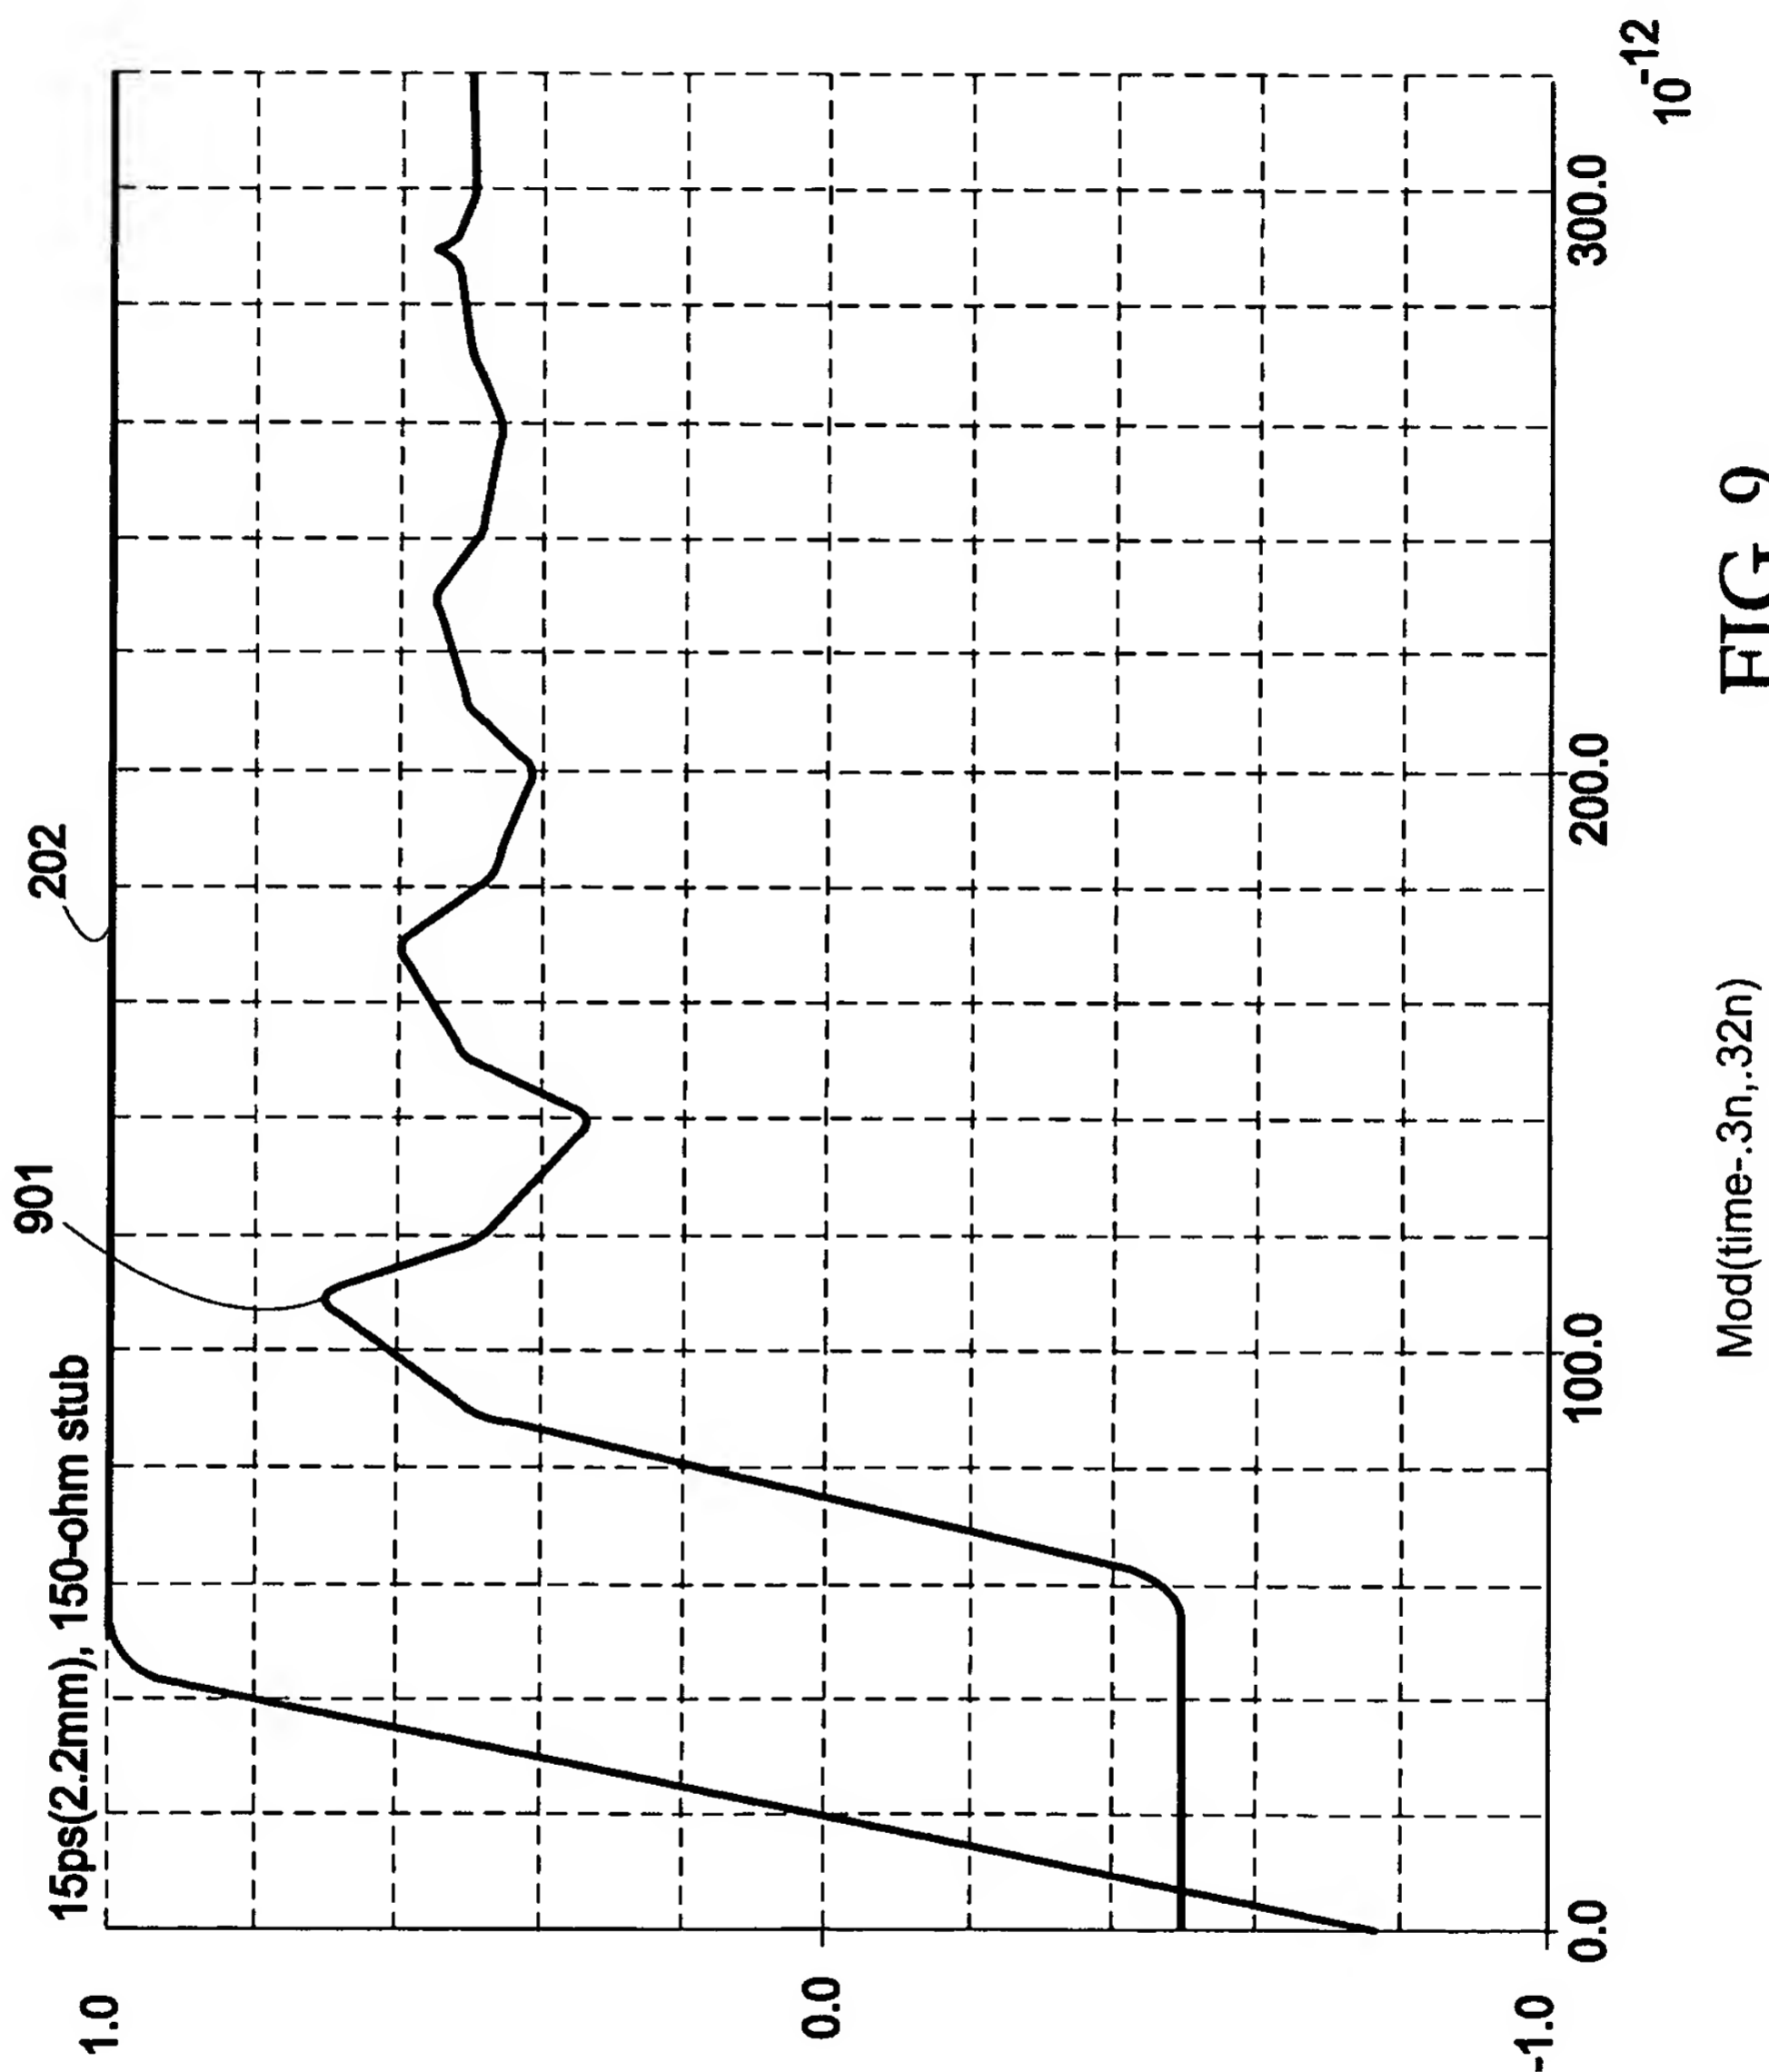

FIG. 9

Agilent Technologies 10010982
Apparatus For Routing Electrical Signals
Inventor(s): William S Burton

Replacement Sheet

10 / 10

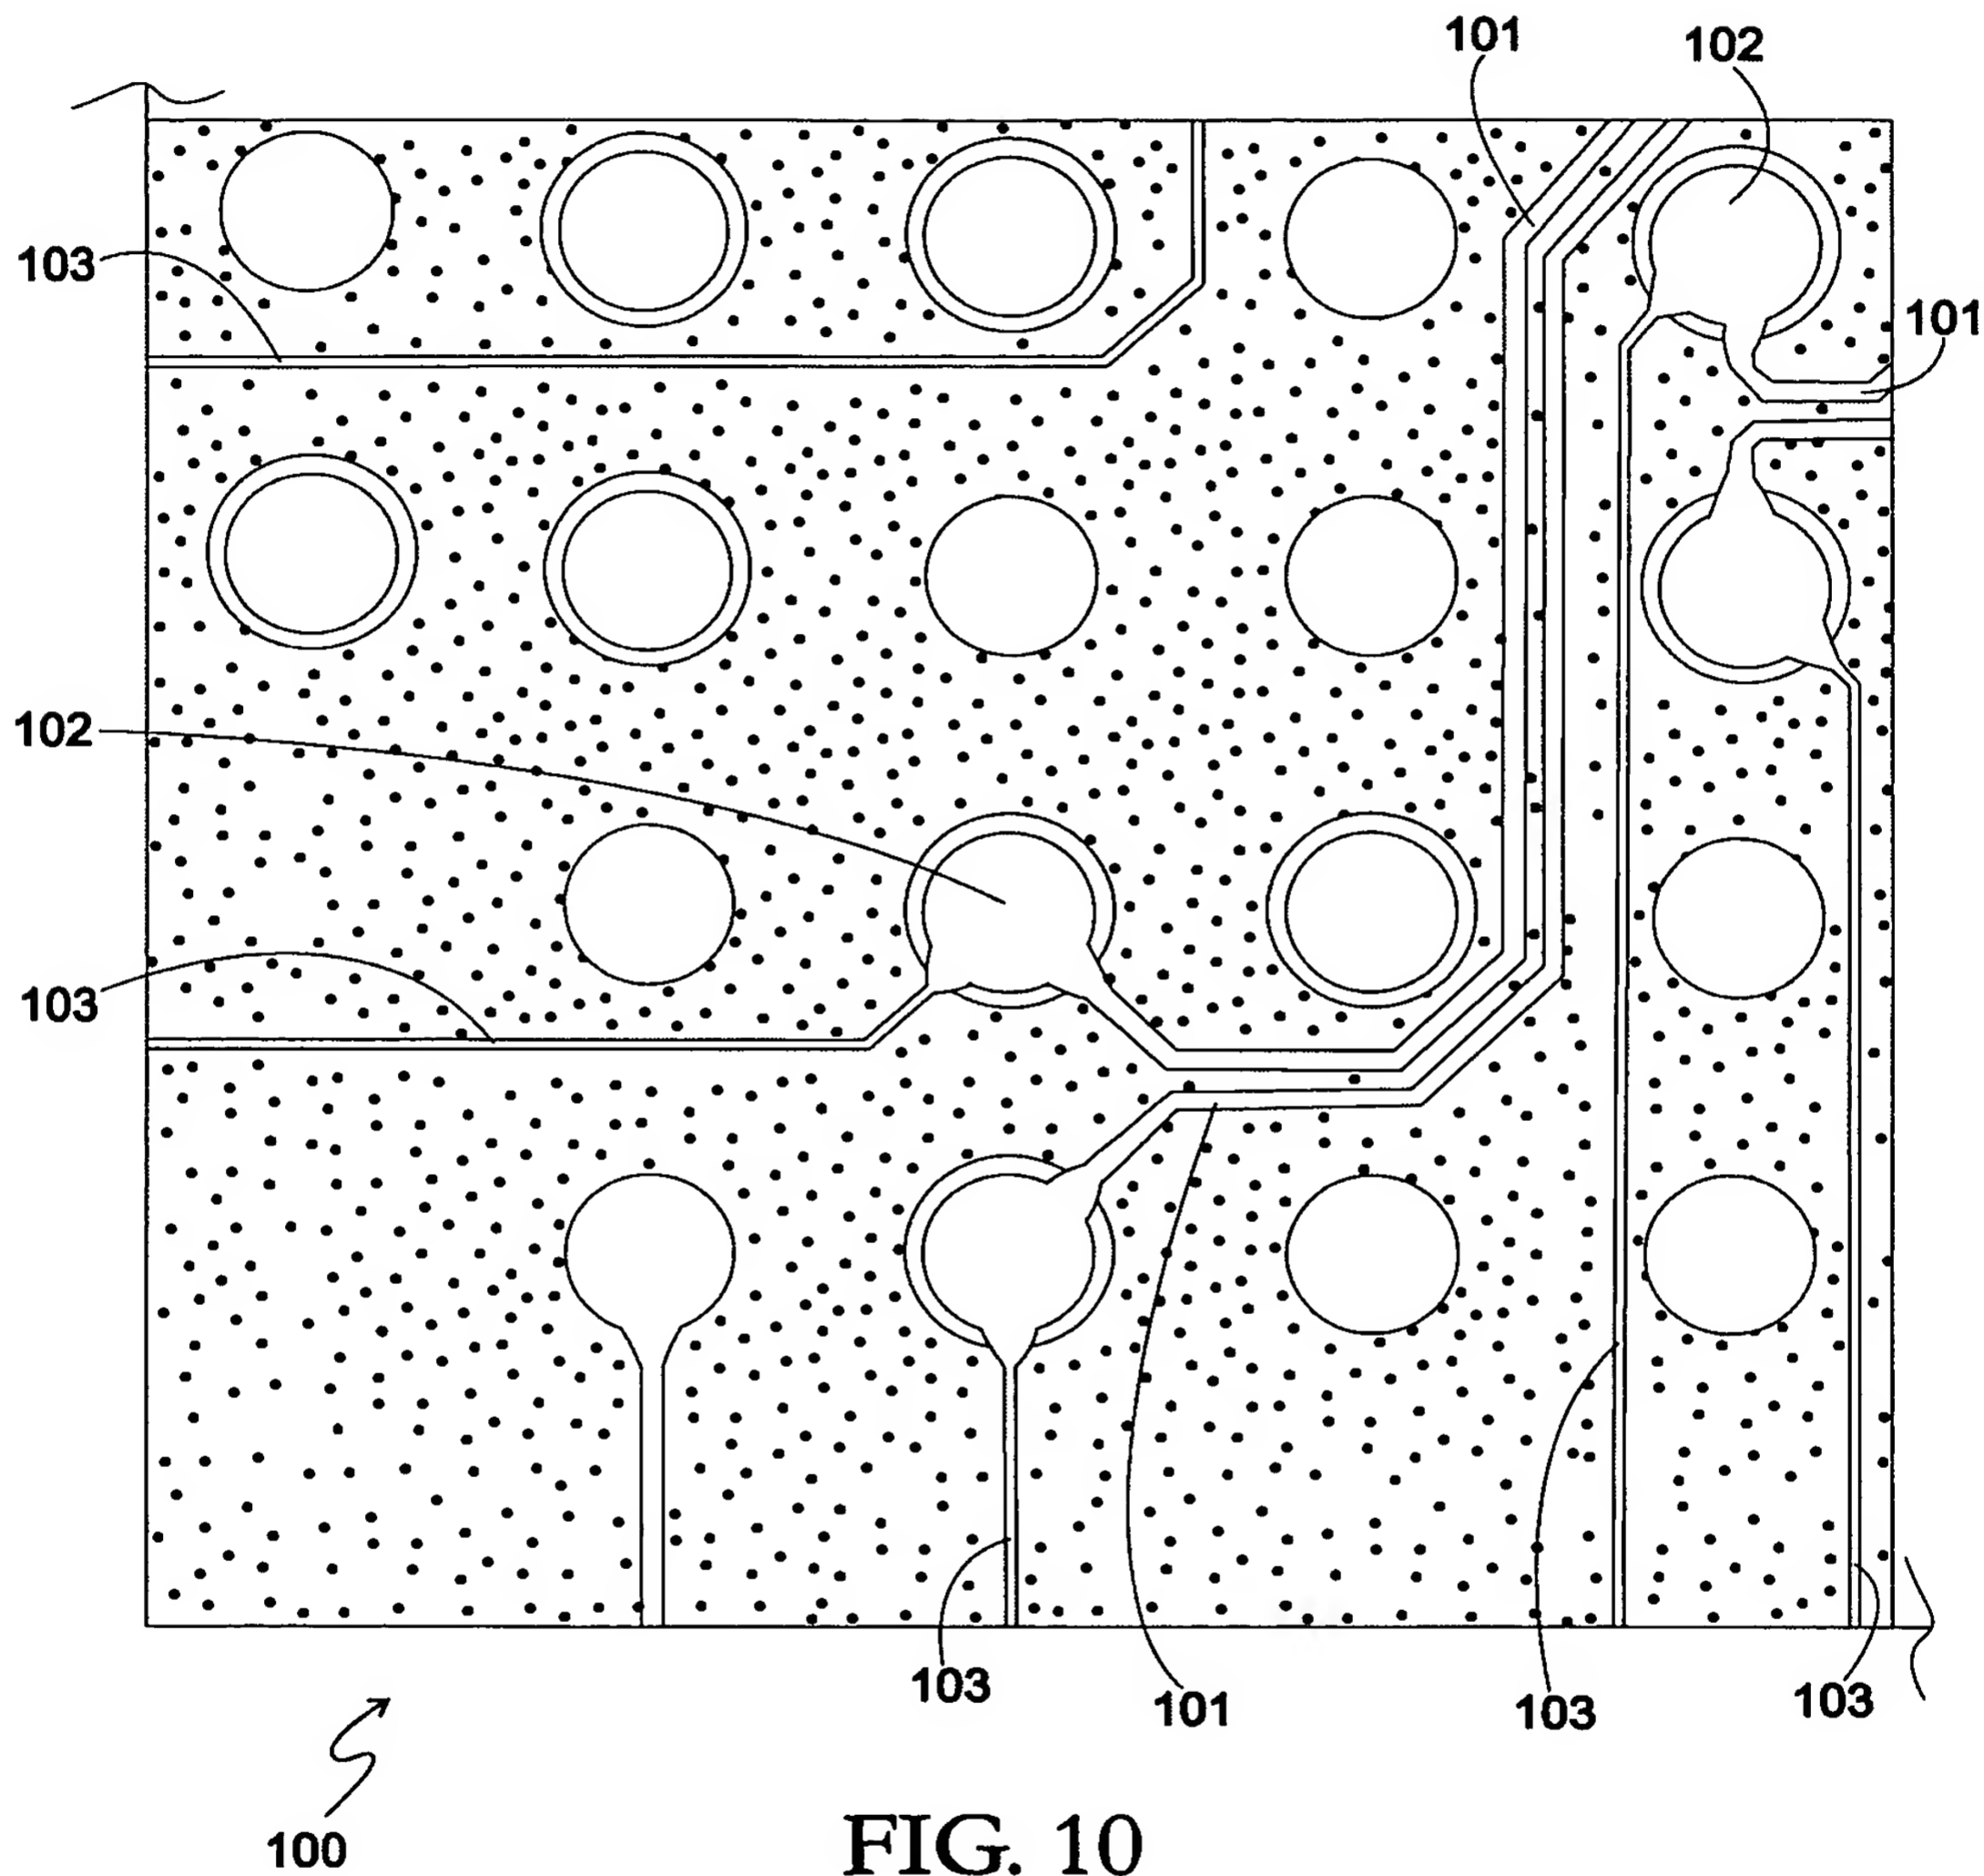

FIG. 10
